

Net Impact Fall 2018: Application Cheat Sheet

INTRODUCTION

Thank you for your interest in Net Impact Berkeley. It really means a lot to us! Before you fill out your application, we wanted to give some information to you about our values as an organization and some tips for our application process, so you can be fully prepared.

OUR VALUES

MISSION

We are looking for candidates who care about our mission of making sustainable and social impacts. We are looking for unique, innovative ways to promote our values, and we love candidates who bring a completely new lens for viewing our mission.

Be sure to emphasize your interests in making a social impact and any steps you have taken to expand on this passion. This means you should include, any volunteer work you have done, socially responsible businesses you have worked for, or any other impactful work you have done. Get creative and remember that impact comes in many different forms.

PROFESSIONAL

We are looking for applicants who are tenacious problem-solvers, are dedicated to their work, have potential to be good leaders, and want to learn new things. You don't have to be the perfect consultant yet because once you join, we will train you to succeed on your projects. No prior experience required!

Make sure to highlight any cool work you have done ranging from professional experiences to other extracurriculars to any skills to awards and more. Show us on your resume and in your essays that you are going to be a fantastic associate this semester and have the potential to be a great leader for our organization in the future.

THE INTERVIEW PROCESS

We have first-round interviews, coffee chats, Meet NIB, and second-round interviews. You can expect the first to be a combination of a behavioral interview and short case problem. Then, coffee chats and Meet NIB will be an opportunity for you to get to know our members and for us to get to know you. Finally, the second-round interview will be a longer case problem.

The most common question we get is: "How can I prepare?" For the behavioral, be yourself and talk about the work you've done and problems that you've solved that you're passionate about. To learn about case problems, come to our case workshop. We are co-hosting it with Parthenon-EY on August 27th, and they'll teach you everything you need to know to do a case interview. Then, grab a friend and practice!

APPLICATION CHECKLIST

Wow, that is a lot of information! We have boiled it down to a short checklist, so you know exactly what you need to do to strengthen your applications.

- | | |
|---|---|
| <input type="checkbox"/> Come to an Info Session | <input type="checkbox"/> Participate in the Parthenon Case Workshop |
| <input type="checkbox"/> Meet NIB Members on Sproul | <input type="checkbox"/> Submit your Application |
| <input type="checkbox"/> Practice for Interviews | <input type="checkbox"/> Blow us away! |
